NOBORIBETSU DATE JIDAIMURA

Guidance about COVID-19 infection prevention measures

In order to ensure the health and safety of our customers and facility staff, Noboribetsu Date Jidaimura will implement the following COVID-19 infection prevention measures under the guidance of the government.

We appreciate your understanding and cooperation.

● Partial change of business contents

- Please check the opening schedule on the official website for the business hours.
- Some stores such as souvenir shops and restaurants in the facility may be temporarily closed.

● Infectious disease prevention measures throughout the facility

- We enforce temperature measurement and health check of facility staff every morning before starting work.
- In order to prevent splash infection, we wear masks as necessary to provide service to customers.
- We will strive to maintain the distance between the facility staff and customers, or mutual customer, and thoroughly avoid the "Three Cs".
- We regularly perform disinfection work in the facility to prevent contact infection.
- We have installed disinfection products in the following place for visitors.
Alcohol disinfectant.....Ticket office / Main gate / Each theater
Sanitizing hand soap.....Washbasin in each toilet

● Infection prevention measures in the theater

- We will enforce ventilation in the theater, alcohol disinfection, and ultraviolet sterilization between the performances.
- We will reduce the number of seats for the spectators and implement measures such as entry restrictions as necessary.
- At some shows, some changes will be made to the performance content to reduce infection risk.

● Request to customers

- Please cooperate in conducting temperature measurement. If you have a fever of 37.5°C or higher, please refrain from entering the facility.
- Please disinfect your hands with the alcohol disinfection installed at the main gate when entering.

If you have a fever, cough, or cold-like symptom, please refrain from visiting.

We pray for the quickest recovery.

Updated March 13, 2023

Scheduled to be discontinued on May 8, 2023
